PROMPT

Upload a PDF file of your close-up storyboard.

Before submitting check that you can answer yes to the following questions related to your submission:

- Are your close-up storyboard sketches clearly focused on the product, instead of on the user experiencing that product?
- Do your close-up storyboard sketches clearly indicate the interaction that a user may have with the product; for example, depicting sample screens?
- Do your close-up storyboard sketches indicate any transitions between screens or states that the user may need to perform?
