PROMPT

Submit a link to your high-fidelity prototype.

Before submitting check that you can answer yes to the following questions related to your submission:

- 1. Did you connect at least 4 mockup screens together into a cohesive navigational flow?
- 2. Can users move forward and backward within the flow?
- 3. Can users enter the flow from different starting points?
- 4. Are navigation cues clearly indicated?
- 5. Do animation speeds appear to align with accessibility standards?
- 6. Will users be clearly notified when they complete the flow?
- 7. Will users be returned to their starting point when they complete the flow?
