Start the next course

Congratulations on completing Course 2 of the Google UX Design Certificate!

To make continuing with the certificate program easy, here is a link to Course 3:

[Build Wireframes and Low-Fidelity Prototypes](#) . You may need to enroll in the next course, if you have not already.

In Course 3, you will continue to create your portfolio project for a mobile app. You will learn how to:

- Create two types of storyboards: big picture and close up
- Apply the basics of drawing
- Create paper wireframes for mobile app design
- Develop digital wireframes in a tool called Figma
- Build a paper prototype to add interactivity to designs
- Design a low-fidelity prototype in Figma
- Recognize implicit bias and deceptive patterns in design

You're well on your way to becoming a UX designer! Keep up the great work in the next course.
