

Share an example of icons from your favorite app

You've explored the use of icons as visual design elements and how they impact a design. You've also learned how to add an icon in a design tool like Figma. Now, check out some examples in real life!

For this discussion, share a screenshot with example iconography from one of your favorite apps. Then, in a paragraph, (75-100 words), describe how the icons in the app impact the user experience.
