

Optional - Create and share a user story about yourself

We've been focused on creating a user story for personas and users based on the designs we're creating. Now it's your turn! You will compose a user story for yourself and share with your fellow learners in the discussion forum. Before we start, let's review the user story formula:

"As a [type of user], I want to [action] so that [benefit]."

Now let's apply the user story formula. Consider the designs you've been learning about, designs in the real world, or an imaginary one of your choosing. Consider the following prompts in order to inspire and inform a design decision:

Who you are

What actions you want to take

Why these actions would benefit you
