

# Discuss the structures of websites you've used

You've seen quite a few websites throughout the past few courses. Think about the websites you've examined throughout the program and select one you'd like to explore further. In the discussion forum, summarize its structure. You can use the following questions to guide your summary: What lessons and ideas did you take from this website?

What about the website do you like?

Is there something this website can improve in terms of structure or content?
