Start the next course

Congratulations on completing Course 4 of the Google UX Design Certificate!

To make continuing with the certificate program easy, here is a link to Course 5:
<u>Create High-Fidelity Designs and Prototypes in Figma</u> ⬀. You may need to enroll in the next course, if you have not already.

In Course 5, you will complete the mobile app designs you've been working on. You will learn how to:

- Build mockups and high-fidelity prototypes in Figma

- Apply common visual design elements and principles to designs

- Use design systems to organize, standardize, and enhance designs

- Participate in design critique sessions to iterate on designs

- Hand off finished design projects to engineering teams

By the end of Course 5, you will complete your first design project and include it in your professional UX portfolio.

You're over halfway done with the certificate program, so get started on the next course and keep going!
