Pet Shelter

PROMPT

Submit a link to your high-fidelity prototype.

Before submitting, check that you can answer "yes" to the following questions related to your submission:

1. Did you connect at least 4 mockup screens to establish a cohesive navigational flow?

2. Can users move forward and backward within the flow?

3. Can users enter the flow from different starting points?

4. Are navigation cues clearly indicated?

5. Will users be clearly notified when they complete the flow?

6. Will users be returned to the starting point when they complete the flow?
