Activity Exemplar: Create an affinity diagram for the Gmail labels feature project
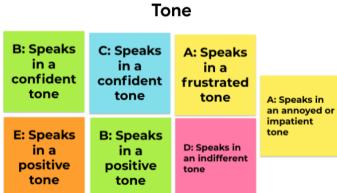

Here is a completed exemplar and an explanation of how the exemplar fulfills the previous activity's expectations.
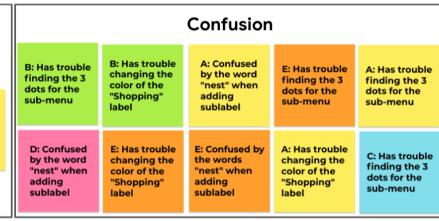

⭐ Exemplar

🔍 Assessment of exemplar

Note that this completed example:

- Sorts notes by similarity
- Displays groups and sub-groups

This example is **just one way** to complete this activity. Your version may have the post-it notes in different groups, or grouped in different themes. What's important is that the themes you discovered are similar to those in this exemplar.

Compare the exemplar above to your completed deliverable. Assess what you have done using each of the criteria used here to evaluate the exemplar.

What did you do well? Where can you improve? Take this feedback with you as you continue to progress through the course.

Mark as completed
