Floral Low-Fi Prototype

Submitted on July 8, 2023

PROMPT

Submit a workable link to your low-fidelity prototype in Adobe XD or Figma, which includes at least 3 screens.

Before submitting check that you can answer yes to the following questions related to your submission:

1. Did your low-fidelity prototype include at least four wireframes that are connected in a simulated navigational flow?

2. Can users proceed forward and backward within the flow of your low-fidelity prototype?

3. Can users enter the flow from different starting points of the low-fidelity prototype?

4. Are cues for navigation clearly indicated in the low-fidelity prototype?

5. Is successful completion of the simulated activity indicated in the low-fidelity prototype?

6. Are users returned to a sample origin after successfully the simulated activity of the low-fidelity prototype?
